FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of Administration - Budget and Planning**, the **Department of Agriculture**, the **Missouri Department of Conservation**, the **Department of Revenue**, the **Department of Natural Resources**, the **Department of Insurance, Financial Institutions and Professional Registration**, the **Office of the State Treasurer**, the **University of Missouri** and the **University of Central Missouri** each assume the proposal will have no fiscal impact on their respective organizations.

The officials from the **Attorney General's Office** assume any potential cost arising from this proposal can be absorbed with existing resources.

Officials from the **Department of Transportation (MoDOT)** assume an unknown negative impact to the Road Fund from the increased cost of additional wear and tear to the highways and bridges from this provision.

Oversight will estimate a cost to the Road Fund of “(Unknown greater than \$100,000)”, since MoDOT has no way to quantify the dollar amount of additional wear and tear to the highways and bridges for additional maintenance.

FISCAL IMPACT - Small Business

Small businesses that haul large loads of livestock and/or agriculture products could be impacted by this provision.

FISCAL DESCRIPTION

This act adds livestock to the current milk exemption for weight limitations on highways, and applies such exemption to all highways with the exception of Interstates.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
